# Now Poets Must Be Inspired by Cheeks of Green

DRILADELPHIA, Pa, Feb. ■ 24 Whoever coined the expression, "there's nothing new under the sun," apparently had not heard from Louis Clement, noted Parisian authority on

women's styles. Green face powder is the intest and newest, Clement said in addressing the annual convention of the Philadelphia hair-dressers association. The women of ruddy complexion should never use rouge, says M. Clement, hence a pale green powder has been compounded for them.

"And for evening use," he added, "under the shaded lights of the dinner table or ballroom. there is a shade of lavendar calculated to improve the most charming woman.

"The style in makeup is changing. It is no longer fashionable to appear either very pale or with extreme vivid smears of rouge and lipstick. The violet nail polish is also disappearing, and some welldressed women prefer no polish at all. Vivid red shades were never popular among women who really set the pace for style, and the entire trend is toward little makeup."

# GIRL-WIFE TO FACE

15-Year-Old Marietta Prisoner Confesses Shooting: Husband Held.

By International News Service. MARIETTA, O., Feb. 24-First degree murder charges against Mrs. Freda Daugherty, 15-year-old wife who police say has confessed shooting an attractive divorcee who she believed ha ddsirupted her home, and perjury charges against her husband for alleged irregular police headquarters or election buprocedure in obtaining a marriage reau but for the most part they license, will be filed today in the were false alarms and no arrests slaying of Mrs. Geraldine Harri- were made. The bitterest primary campaign in the history of Chicago politics has come to a close with each of the three leading Republican candidates cisiming victory. The Republican candidates for nomination for mayor in primary election held today are, Mayor William Hale Thompson, pictured above at left, Judge John H. Lyle, above at right, and Alderman Arthur F. Albert, below.

# ARMED CAMP

Special Guards on Duty in City as Voters Cast Primary Ballots.

EARLY HOURS PEACEFUL

Thompson Hopes for at Least 150,000 Plurality: Others Confident.

By The Associated Press. CHICAGO, Feb. 24 - A chance

to compete with the Democratic nominee for the world's fair mayorship of Chicago was the prize that dangled at the end of today's heetic Republican primary race Confidence of victory was expressed by all three camps. Special gunrer were on duty to maintain order.

Vote In Heavy A canvass of scattered precincts brought the estimate that nearly 400,000 ballots had been cast in the first four hours and the likelihood that the previous estimates of 700,000 total vote would be far sur passed. It was expected that the largest primary election vote in

the city's history would be cast. "Big Bill" Thompson, three times mayor and fighting for a trial at a fourth term, hoped to lead his circus parade across the finish line at 5 p. m., with 150,000 more votes than Judge John H. Lyle, gangater foe, or Alderman Arthur F. Albert Thompson's campaign manager William J. Balmer, predicted the 150,000 plurality.

Judge Lyle said he expected to beat Thompson by 150,000, declaring a vote for Albert would be a Portsmouth Baily News Quits for vote for Thompson, while Albert against both the mayor and the

# VALID, IS DECISION OF HIGH TRIBUNAL

Ruling of New Jersey Judge That Dry Law Was Improperly Ratified Is Reversed by Unanimous Approval of Appeal Arguments.

### CASE DECIDED AFTER SPEEDY PROCEEDINGS

tto the Annochred Press. WASHINGTON, Feb. 24-The Eighteenth amendment was sustained as valid today by the supreme court. Under the decision the government will continuo its ; efforts to enforce the Volstead law.

The ruling was handed down in the government's appeal from the decision of Federal Judge William Clark of New Jersey, who held the amendment invalid because improperly ratified.

Judge Clark contended that to be valid the amendment should have been submitted to state conventions for intification rather than to state

legislatures. This view the court The court's decision was unsul-

When William H. Sprague and William J. Howey were brought to trial before Judge Clark on a charge of possessing and transport ing 50 half barrels of boor, he quarted the indictment, holding the prohibition amendment invalid. In an exhaustive opinion he took

the position that as the Eighteenth amendment attempted to transfer to the federal government jurisdic tion over lights reserved to the people it should have been submit-

He held that its ratification by state legislatures was insufficient

The government appealed. At once the supreme court expedited the proceedings, hearing out arguments in about a month, although counsel for the defendants sought approximately three months more

Contending the question raised by Judge Clark had already been before the supreme court in the national prohibition cases. Solicitor General Thucher in a brief argument declared the court had disposed of the controversy Juffus Henry Cohen and Selden

contended amendments granting missioner of motor vehicles of his new powers to the federal government over the people must be submitted to the people for approval. As the Eighteenth amendment proposed to giant such powers, it was invalid, they instated, because Death of Defendant's Mother; it had been submitted to state legis

intures for ratification instead of Hughes Withdraws Chief Justice Hughes withdrew

from the case; stating he would take no part in the decision because he had filed a brief in a previous prohibition case, which in his judgment, disqualified him from The controversy turned on the

### Chamber of Commerce Negotiates for New Aircraft Factories.

Special to The Star. BUCYRUS, Feb. 24-Bucyrus may get two new industries, it was announced today by the chamber of commerce following negotiations with the concerns.

The two companies manufacture aircraft, one an airplane and the other a powered glider. If brought here the factories would be located at the new municipal airport, and provide employment for 50 men. There is a possibility that the Bucyrus port will be made a landing field for the National Air Transport line if the factories locate here, it was announced. The new line is being mapped out to: follow the Pennsylvania railroad.

There are times when the almighty dollar will not get as far as a little politeness.

# N.C.O. COMPLETES CAGE RACE THIS WEEK

# HARDING TRAVELS TO Pleasant Girls, Waldo Boys Are Victors in County Games SHELBY TONIGHT FOR WHIPPET ENCOUNTER

Presidents Close Friday at Galion: Orangemen Hoping for Circuit Crown.

COMPETITION in the North Central Ohio basketball race will be concluded this week with a double round of games. The six members of the circuit will clash? tonight in a trio of games and the final three contests are booked for Friday night. Harding High will play both of its last two games on foreign courts, meeting Shelby on the Whippets' court tonight and treking to Gallon for a return

and Galion will continue its efforts Bucyrus offering the opposition. Friday night games other than the Harding-Gallon clash will see Shelby clashing with Ashland and

Mansfield battling the lowly Bucyrus team. The games will be played in Ashland and Mansfield. Now that Galion has demonstrated that Ashland can be besten sentiment in the circuit towns outside of Ashland is swinging towards Galion as a favorite to win the title. Ashland has to meet two tough foes in Shelby and Mansfield and Galion has only to face Bucyrus and Harding, the two tail-enders of the league.

Mansfield is confident of its ability to beat Arhland fonight and although it looks like somewhat of an uphill battle a Tyger victory. would not be classed as a particular upset. Galion is almost certain to win from Bucyrus to night and there is no reason to

Although he has not indicated! tonight with nearly the same linethe Bucyrus fray. Vestal and Mornny combination for the last several weeks while Ling did a creditable job of playing center. The guard posts lie among Bush. Lindsey, Smith and Clay.

### Stella Walsh Loses in 100-Yard Dash Event

By The Associated Press.

CHICAGO, Feb. 24-Betty Robinson, who won the 1928 Olympic 100-yard dash for the United States, and Stella Walsh, the sensational Polish miss from Cleveland, today were all square in their rivalry. Miss Robinson now a coed at Northwestern university, last night evened up for a defeat by Miss Walsh last summer, by winning a feature century in the Illinois national guard and naval militla games, by a scant foot over the Cleveland runner.

Th ctime, :114, was only four tenths of a second slower than Miss Walsh's world record which was made on an outdoor track, and was remarkably good for the slow bumpy track in the one hundred twenty-fourth field artillery

# 2 PLAYERS RELEASED

By The Associated Press. COLUMBUS, O., Feb. 24-The unconditional release of Danny Boone and Joe Kelly has been announced by President Larry Mac-Phail, owner of the Columbus Senators. Boone has been with the Senators several seasons, Kelly was signed a few months ago as a free agent. He is an outfielder; Boone is an infielder.

# HELPING OHIO

Jerry Warshover, guard, is ohe of the mainstaxs on the Ohio University basketball team which is battling for undisputed championship of the Buckeye conference at the present time. Warshower, a New Yorker, is a clever court worker and a good shot. Ohlo has yet to meet Denison and should the Bobcats win, it will mean the second major championship for Ohio in a single school year. The Bobcats won in football.

Minnesota Falls Before Northwestern; Ohio State Loses to Badger Quint.

Differences Over Prohibition Loom as Plans Are Made for Important Meeting of National Committee March 5.

WASHINGTON, Feb. 24-A dou- | conference is to have committee ble-barreled threat of intra-party members examine a new expert strife over prohibition and of revolt against Raskob leadership hovers over the Democratic national committee meeting here March 5.

The battle for ballots in 1932 naturally is expected to be a subject of primary consideration when delegates from all states-wet, dry and moist-gather at the call of John J. Raskob, chairman, to meet with the executive committee and legislative leaders of the party. The announced purpose of the

conference, the

15 months."

There were rumors of Raskob's resignation, reports that a definite decision as to the party's stand on prohibition and a program for Democrats in the next congress would be formulated.

Coincidentally with these reports, the voice of rebellion against Raskob leadership and commitment of the party to the wet-

cause was heard in the halls of congress. Southern Democrats led by

Senator Sheppard of Texas and Morrison of North Carolina opened fire on Raskob and Jouett Shouse, 🐉 head of the Democratic executive

committee, any- JOUETT SHOUSE ing they would fight any attempt to put a wet label on the party. Urge Repeal Stand

On the other hand, Senators Wagner of New York and Tydings of Maryland have pleaded with their Democratic colleagues in congress for sponsorship by the party in 1932 of outright repeal of the eighteenth amendment.

Meanwhile at Democratic headquarters here, where Raskob's !! lieutenant, Shouse, directs activitica on the "firing line," it was said "there might be some fireworks at the March 5 meeting" but that no zensational developments were expected. It was said the conference undoubtedly would consider some phases of the prohibition question

Whether the committee will take a definite stand on the liquor is-

Raskob's supporters point to the concerted campaign which resulted | in Democratic victories in the 1930 congressional elections as vindication of the man who has been called both the party's "financial angel" and "Smith's monumental

Raskob himself never has publicly indicated an intention to give up the post he has held since shortly after the nomination of Alfred E. Smith for president in

Some prominent figures in the party, feeling the liquor question is "loaded with dynamite," oppose making prohibition a major issue.

# THROAT SORE? Heed this Warning:

Any inflammation of the throat can spread very fast. Don't go to bed with "just a sore throat." It may be tonsilitis by morning! It takes five minutes or less to gargle with Bayer Aspirin. This simple precaution may save you days of suffering. It not only relieves all soreness, but reduces the infection. Three tablets crushed in 13 tumblerful of water; physicians say there is no more effective gargle. See proven directions for colds, headaches, neuralgic pains, etc. Get genuine Bayer Aspirin; effective, harmless.

# PROHIBITION UPHELD BY HIGHEST COURT

Reversed by Unanimous Ruling.

Continued from Page One courts on Article V of the constitution which provides that amendments shall be valid when ratified of the states or by conventions in

three-fourths of the states, "as the

one or the other mode of ratification may be proposed by congress." Judge Clark held the language should be construed as modified tion is to do away with the press by "principles of political science" be constitutionally ratified only by conventions in the states,

Assert Meaning in Clear The government contended the language of the article was clear and entirely free from ambiguity. and that there was no room for the construction adopted by Judge

It insisted that no limitation had been placed on the discretion of congress in deciding which mode of tatification should be adopted. The decision was delivered by Justice Roberts before a crowded courtroom.

He stated that congress was granted complete jurisdiction to decide the mode of ratification and that it had the right to refer the amendment to legislatures for ratification.

Roberts said that the contention had been made by attorneys upholding the Clark decision that the eighteenth amendment took power from the people which no other amendment did. He said that in the opinion of the court there were a number of amendments similar in connection with which the same point could be raised. Among them he named the thirteenth, fourteenth and nineteenth amendment.

# Time savers

THE great American instinct is to save time—a lot of time and then some more time. In the big affairs and the little things of life, time is the most valuable thing at our command.

Limited trains, automatic telephones, special editions of newspapers, sixty-miles-an-hour automobiles, airplanes still faster—we have these things in answer to our demand for speed. And an equally important time saver in the lives of people today is advertising. I Just as surely as any other medern service. the advertisements bridge hours and days for massia who have wants to be filled.

Readers of advertisements are the same people who demand the utmost efficiency in communication, in business, in their daily life. They know that a few minutes' reading of the adverticements will tell them more about products, values and the intelligent spending of their memory than they could discover in days by any other method.

And like the other great time severs, advertious money and energy, as well. The reading of

A thirteen-year-old boy out in Alton, Illinois, is seven feet and four inches in height and weighs 282 pounds. That youngster is liable to be some fellow when he grows up.

The headline over a crime story in a Chicago paper read: "1931 Holdups Show Increase, 2.404 So Far." And yet there are people who probably will still refuse to admit that Chicago 15 showing progress. Mayor Walker has ordered the New York

Cify police to end crime by force, from which it may be assumed that up to the present the police have been relying upon their powers of persuasion. An agent of Bandino has offered to inter-

Nicaragua pending the withdrawal of the United States marines, Looks as though Sandino may be anxious to hasten the departure of the "devil dogs." Three Illinois prisoners are dead as the outcome of their attempt to escape from the

cede with the bandit looking to a truce in

Joliet penitentiary, the prison authorities having been tipped off that an attempt at a prison break was to be made. Another Illustration of the handicap under which criminals labor. They are betrayed by their own kind. Over the week-end, three persons were shot

and seriously wounded by charges from supposedly empty guns. There should be a law to penalize the owners of unloaded guns. Ten different companies have devised small

planes which they claim are fooiproof and can be operated by the average man after twenty minutes' instruction. The undertakers should

The Arkaneas general assembly has passed в bill to make divorce easier, only minety days stay in the state being necessary to gain a legal residence there. At this distance, it looks like a relief measure for the legal profearlon of the state,

The American Civil Liberties union has protested to congress against the adoption of the report of the Fish congressional committee on communism. If the Civil Liberties union ever decides to take any action in support of government, law and order it should give the country due notice in advance to lessen the

Interested parties plan a concerted movement this week to halt the police graft inquiry in New York City. Referee Seabury, who is conducting the inquiry, must have succeeded in striking pay dirt, judging by the yells being emitted by those charged with

Directed Against Alien Undesirables. The house committee on immigration has favorably reported two proposed legislative nieasures in line with the federal administration's plan for a nationwide campaign to rid

the country of undesirables.

The first is a bill sponsored by Representative Albert Johnson, of Washington, to accelerate the deportation of alien undesirables. The bill is drawn to accomplish this by permitting prosecution of an illegal entrant into the country in the federal court in the district in which the entrant may be apprehended rather than in the district in which the illegal entry was effected, as at present; by widening the scope of the law to include some crimes not involving moral turpitude, on which class of crimes deportations very largely are based at present, and by permitting the secretary of labor to authorize certain subordinates of high rank to issue deportation warrants. At

warrants. The other bill, offered by Representative Carl G. Bachmann, of West Virginia, if enacted into law would exclude alien communists by making them subject to the same law as that under which anarchists are deported. This bill in no way applies to American-born or naturalized communists, yet as one of the measures recommended by the Fish committee which investigated communistic activities in this country, it has encountered the opposition of the American Civil Liberties union, which may be taken as indicating that that organization recognizes it as one which would prove effective in accomplishing the purposes for which it is designed were it en-

present, the secretary alone can issue such

That either of the bills may become a law is open to question. There is greater prospect for the enactment of the former into a law than for the latter. There has been much talk in and out of congress regarding the enactment of measures directed against the foes of government, but for some reason congress seemingly has been reluctant to enact legislation so well supplied with teeth as this pro-

rosed by Representative Bachmann,

acted into law.

### The Junketing Habit.

Word comes from Washington that the achievements of certain senate radicals in demonstrating the possibilities of travel de luxe at government expense have caused the better halves of our federal legislators to look shead with pleasurable anticipation of participation in the junkets which are being planned to be taken zoon after the adjournment of congress.

One of these achievements to which reference is made, and the one of paramount interest to the women folks, is the seeming recognition of the view that the dignity of a senator demands that he have a drawing-room, stateroom, or at least a compartment, to himself, while traveling by rail. Now, as two full tickets are regulaltes for the occupancy of a Pullman drawing-100m, stateroom or compartment, why shouldn't the wife of the legislator go along and travel on the extra ticket? In a word, why shouldn't two travel, when two can travel, at least so far as transportation is concerned, as cheaply as one?

This philosophy is said to explain the presence of the wives of some of the senators on the trip to Florida during the Christmas recess to determine if the Everglades would make a fit sanctuary for alligators and other specimens of wild life.

It is no more than fair to say that junketing has not been limited to that which has recently been called to public attention. It is not # development of the present or the very recent past. It was inaugurated years upon years ago. Neither has it been limited to the radicals. nor the members of the senate. House memhers have enjoyed a lot of traveling at public expense. The recent development has been the luxurious phase of it, to which the senate radicals seemingly have taken like ducks to water, and they may have been made conepicuous merely by having been the first to be caught enjoying travel's extreme luxuries.

But junketing as junketing has gone be-

yond all bounds. There have been congressional junketing parties to Panama, to the Philippines, to the Hawaiian Islands. Only last fall a joint senate and house committee enjoyed a fine trip to the South seas on the cruiser, Omnha, to devise a new form of government for our possession in the Samoas, at a cost of \$18,864. Last summer a senate committee of three went to Alaska to find out why the Alaska railtoad costs the government \$1,000,000. As one of the three was a graduate of Annapolis, he secured the recall to active service of an old friend, an admiral on the retired list, to command the two destroyers furnished by the navy to carry the committee of three to Sitka and return. The trip cost \$4,350, and the committee, having a government ownership leaning, reported in effect that the railroad was operated at a million-dollar loss annually not because of government ownerwhip, but in spite of it. The Canadian Pacific rallroad had been selling round-trip steamship lickets from Vancouver to Alaska and return for \$188, which included cabin, hotel and meal charges for the ten-day trip.

Another senatorial committee has been investigating postoffice sites at an expense of \$14,000. The senate committee on Indian affairs has expended \$55,619 up to date looking over Indian reservations, and still another committee of the same body has expended \$18,864 in traveling about and studying the wild life of the country. It should be explained, of course, that reference is made to the country's wild animal life,

Senator William E. Borah, of Idaho, in his frankness, made what is probably the best comment on these junketing trips by saying: "I have noticed that congressional committees of investigation invariably go south in the

winter and north in the summer." Putting it another way, subjects and matters for investigation are generally, if not al ways, determined by climatic conditions. And yet their constituencies keep on sending junketing senators and congressmen back to their respective houses in congress.

The New York minister who is seeking signatures to his own indictment for an ecclesinstical trial on accusations made by Bishop Manning in the companionate marriage controversy has been substituting for an unemployed apple vendor in that city. It might be better were a hankering for publicity such as indicated be appeared outside the ministry.

Over in New Jersey, where the law provides that the society making the complaint gets the fines assessed against dealers for selling cigcrets to minors, President Stephen Howart, of the Commonwealth Humane society, who has been collecting about \$100 weekly, is under bond for violation of the law. When the authorities learned that the sales on which his complaints had been based were made to his fourteen-year-old daughter who is five feet and eight inches tall and weigh. 150 pounds, | they began to suspect that he was working a

## Harvest.

Nelhe Porter Mitchell known to her public as Nellie Melba, is the most recent sheaf in death's harvest among world notables, which has been heavy the last few months.

The great diva's name, though she did her last public singing only a few years ago, already is little more than a whisper from the past; she sang last in America at the New York Metropolitan in 1917-18.

But, though great singers move quickly scross in Portsmouth, the greatest stage, though their triumphs last but an instant in the large view, their fame is infinite-to be remembered as long as parents tell their children of things that happened before their time; as long as the printed word bears the record of past achievements. Thousands who never saw the great Melba have been taught to associate her name with the best traditions of mus.c.

One of the songs that Melba sang bestsome say the song-was "Goodhye," from the beautiful poem by Tolstoi. Those who heard her sing it, as she did so often at the close of a concert, will find it easy to say, with the others: "The world has lost another very great Democrat,

The British house of commons has passed a bill, 149 to twenty-eight, to prevent husbands from bequeathing their estates to charity or to their mistresses to the disadvantage of their widows. If the bill becomes a law, it's going to make mighty tough sledding for the

### Editorial Opinion.

### MUSCLE SHOALS.

For years the further development of the Muscle Shoals power and nitrate project has been held up while proponents of government looks ten years younger. operation and supporters of private operation have struggled for supremacy in congress, body talks to me about health. The judge | Salary of \$4.800, \$46,000 for expenses and a Many proposals have been made in con- did and told me what he does to keep fit. nection with the project, including that submitted by Henry Ford. All have been rejected, and now at length another Muscle front of an open window. Among other move-Shoals bill has been agreed to in conference ments he stoops over to reach the floor at between the two houses of congress, and the least fifty times. Even if it is snowing or blowhouse yesterday by a vote of 216 to 153 ac- | ing he will not think of missing this healthcepted the conference report. The senate is giving exercise, he said. expected to take similar action. The supporters of government ownership and operation have won the victory in the so-called compromise agreement between the two schools of thought,

The bill as adjusted in conference provides for government operation of the power plant and for the construction at government expense of transmission lines into the states to which the power may properly be sent. The fertilizer plant, the bill states, may be leased by the President to private interests. However, if no lease is made within twelve months after the law becomes effective, then the government is to go ahead and operate the fer-

Opponents of the measure as it comes from the conference committee insist that it is roclalistic; that it puts government into business in competition with private enterprise. The supporters of the measure, on the other hand, deny that it is socialistic, claim that it guards the interests of the government and the people in this natural resource, and that it keeps the power development out of the hands of the "power trust" and given the users of power and light a better "break." Furthermore, they insist that the terms for leasing the nitrate or fertilizer plant are liberal and that the President should have no difficulty in finding lessees for the plant, thereby elimthating the possibility of having the government engage in the manufacture and sale of nitrates and fertilizer material with private

President Hoover will have to determine whether the bill is violative of the principles in which he believes and whether it is in the public interest to approve or disapprove the measure. Several years ago a measure sponsored by Senator Norris, of Nebraska, for straightout government operation was put through congress and it was sent at the close of a congress to President Coolidge, who killed it by a pocket veto. President Hoover in the present instance would be able to follaw the same course as his predecessor and pocket the bill, letting it die. For the bill now can not reach him in time to compel the chief executive to sign it or return it to con- | ful. gress with his veto, which might be overridden. The ten-day period will not expire until after the congress has adjourned March 4, for Sun-

days are not counted. No intimation has yet come from the White House regarding the course which President Hoover will follow. One prediction is that he will send the bill back to the congress with a veto message, and that the congress will not be able to pass it over his veto. The vote in the house yesterday is indicative that it can not be put through if the President disapproves the bill, for more than one-third of the membership of the house voted against the conference report. If the President follows this course, he will pass on to the next congress! the old struggle over Muscle Shoals legislation, which has been going on for more than ! a decade.-Washington Star, February 21.

# SMOKE DAMAGES MEATS, GROCERIES

Oakland Heights Scene of Small Fire as Feathers Burns.

Smoke damaged meats and groceries worth several hundred dollars in a small fire at the A B Thompson grocery at Bellefontaine avenue and Davids street this morning.

Although the fire itself did only slight damage, the smoke damage will run high, according to Fire Chief T. J. McFarland.

The fire started in a basket of feathers placed near a furnace to dry. The feathers caught fire from the furnace in the basement and spread fire to the grocery, filling the room with smoke. Some smoke damage was also done in the F. C. Barr shoe store, in an adjoining !

Companies No. 1 and 2 answered

Firemen last night investigated a report of a burned out chimney at the extreme east end of Church street, but failed to discover any fire. The investigation was made in the chief's car.

# Fight Fat In

# He Knows What's Right

Physicians the world over now employ a new method of treating obesity. It is based on modern science, and aims to under new names. over-exercise, no harmful drugs.

The reason is this: Medical research has found a great cause of obesity in a weakened thyroid gland. That gland largely controls nutrition. Its secretion helps turn food into fuel and energy. When that secretion is scant, too much food turns to fat.

So physicians now feed the factor that is lacking. That is one great reason why excess fat is so much less common than

## Used in Marmola

Marmola prescription tablets supply this needed factor in ideal combination. A world-famous medical laboratory prepares them to fit the average case. A book in each boy gives the formula complete and explains the results. The purpose is to supply this new method, at a modest price, to all who are over-fat.

Marmola has been used for 24 yearsmillions of boxes of it. Users have told others the results, and the use has spread. It has for two decades held top place in Now you see the results wherever you

look. Your own friends can tell you of them. Excess fat has been disappearing at a rapid rate in late years.

# Avoid the Fraud

During all this time, many false treatments have been offered for obesity. Some were harmful, some absurd. One by one they have dropped out as users found them false. But others have come

correct the cause. No starvation, no But Marmola has stood the test of time, because it offers the right way to reduce. The use has grown and grown as users proved it out. Let these facts guide you. Don't be misled. You cannot grow slender without harm and much effort, unless you correct the real cause Do what modern dectors do.

## Fat is Abnormal

Excess fat is a blight to beauty, health and vim. To those who know it suggests an abnormal condition. It over-taxes hearts, shortens lives, it quells vitality and vim. Half life's joys are missing to the fat.

Be moderate in all things, but don't starve, don't over-evercise. Such metheds often bring injury. Combat the cause in an easy way, as multitudes are doing. Simply take a Marmola tablet four times daily, until weight comes down to normal.

## Watch the New Vim

As weight comes down, watch the new vitality, new vim. Not only because you lose the burden of fat, but for other reasons. Other ductless glands depend on the thyroid for activity. So this simple help may bring many amazing results.

Go try Marmola. A nine-day treat-ment costs \$1 at drug stores. Read the book in the box. When Marmola does for you what it has done for so many, tell others about it. Go start today. MARMOLA Prescription Tablets

about Dr. Netherton. First, it is and better hear the letter," Rich- necessary to remember Aunt Annamend agreed and Jimmie unfolded | belle's views as to marraige for Evethe several sheets of paper dated lyn and myself. That explains why Dick and I had to keep our love

"Dick was disabled and could not do much to make a home. I always thought that Aunt Annabelle would provide for Evelyn and myself and I feel that there are things we Dick and I did not want to lose our happiness, yet we did not wish My main object is to explain to lose what she could do for us

"Then, somehow, I thought of Dr Netherton, I knew that I could not tell Aunt Annabelle of my love for Dickie, but I recalled that his father had been her physician and that he had inherited the professional standing and influence that sometimes gives one the right to speak in matters of this kind. It was not easy to ask him to intercede for me, but we had always been pals, and he knew of Aunt Annabelle's views.

"On the night that Aunt Annabelle was killed things came to a point. I waited for him while he was seeing Mrs. Frater and then took him into the garden. Aunt Annabelle's words made me desperate. Why she said that we should get nothing when we married, I don't know. She may have suspected something between me and Bill, or it might have been only for my benefit. Anyway, it determined me, and I went to the bottom of the garden with Bill and told him everything, of our love although I honestly thought it Annabelle destroyed the will If and our desire to marry-but at | must have been an accident the same time to a old losing the things that Aunt Annabelle could do for us. Though Bill and Dick had never been good friends, Bill It was his car-and he in anxious vented her doing so. said he would help me.

"So that is what Bill and I were talking about. I don't blame the policeman for being suspicions, but left it, and then, as I did not come, what is said about myself.

"Mysterious Waye" Tale of Adventure, Will Begin Next Monday.

THE author of "Beau Geste" has written another epic of adventure and The Star will bring Percival Christopher Wren's latest story, "Mysterious Waye," to its readers beginning Monday, March 2

Despite its title, "Mysterious Waye" is not a mystery. It is instead a vivid tale of remarkable adventures, a modern "Arabian Knights' story of intrigue, perils and romance.

The story takes its title from the name of its principal character, John Waye, a fearless adventurer on a self-imposed assignment of vengeance From a beginning in England the rapid-fire action is carried to Chicago South America and California, with amazing climaxes and thrilling experiences marking Wave's bold campaign against a dangerous band of criminals

Even John Waye is surprised when, at the very start, he discovers an attractive girl has fallen victim to his sworn enemies and he throws himself into his dangerous task with fierce recklessness. That's the beginning of a tomance and a new surprise for the reader.

Major Wren won his fame as an inimitable story-teller with "Beau Geste ' Another of his stories, "Beau Ideat," is one of the popular current motion picture attractions. More than million readers have been thrilled by these stories and the others in the "Gester Brothers' series. The same unique ability for constructing a unique, gripping plot is outstanding in his latest story Watch for "Mysterious

every chapter. "Pretty cunning to get out of it like that," commented Richmond, "but now we know the truth we

> Jubilee's Pardner

A Story of Boyhood Adventure

TUESDAY is number two of the

"BY JUDD M. LEWIS "

"I want you to do what you can school days in the week and I tom of the garden shortly after I about Bill Netherton. I do not mind "Give my love to Nancy and Donfor all you did. This long letter has

bet that is why it is called Tuesday. I bet it would of been called Twoday, only if someone said, "I will be over to see you Twoday," the person he was talking to might any part of my plan to reduce you think he meant "today," and would stay home all day, and then would be mad when the fella didn't. "So that's that," observed Richmond as Jimmie concluded. "It come. It takes brains to think of clears up a good deal. However, the things like that I thought it all out when I woke up this morning will be a permanent runner-up into much now that we have the and before I pushed Jubilee out of stead of champion as it should be bad so I could let him down out with your type of women. "That," said Jimmie quietly, of the window by the rope in his terth. After I had let him down "Wrong, am I? You suggest we I tried to think why britches are can help Netherton? How is it to called britches, and it was a long time before I could think of any "Where you are wrong," Jimmie reason, but I finally guessed it was be a doormat." she answered

continued, "is in saying you have because they look just like the guilty party and the truth is britches When I had fed the cows and milked them to pay for what I fed them and was going out in the yard my mother had came out of rosebushes by the side of the house, and we all stood around her

"The letter I have just read you up and said that buds were comto see you this morning. What I was sorry, because if another hard "I was at the Nethertons' when have also to tell you is this-Ed- freeze came it might hurt them. she phoned," said Jimmie. "I no- ward Green did not kill Miss Feeble said she couldn't see any buds, and my mother said she could more cheerful, but I could not The confession is a forgery and he if she would look close, so Feeble simply begs to be kicked around." himself is the victim of attempted got down right close and was looking at a bush, and just then Banty got a push from the Lost Bag of Tripe and fell against her high end and pushed her face into the roseburh, and a thorn caught her by the ear, and by the time it was loosened by my mother Benty and the Lost Bag of Tripe had skun out far enough so she couldn't catch them. Banty was acrosst the yard and the Lost Bag of Tripe was standing near one of the peets that holds up the acting pole, and Feeble acted mad and started real slow for Benty and we and the Lost Bag of Tripe were watching to see if she could catch him, and then just as she got near the Lost Bag of Tripe the made a jump at him with all of her claws out, and he turned around and jumped so sudden that he busted his heed against the acting pole post, and he fell down, and then he got up Smely he said, "Goob!" Then my mother began to lough. I the she was scairt at first. She said w hope would learn segestime to not mucky with girls. Pencula said "Aw girls can't hurt, asbedy:" My
